STATE OF VERMONT
EXECUTIVE DEPARTMENT

Montpelier

January 25, 1943

Miss Mary A. Davis, *Clerk*
Town of Clarendon
North Clarendon, Vermont

Dear Miss Davis:

Clarendon having accomplished an outstanding job in the collection of salvage for the contest period July 1 to December 31, 1942, by exceeding the 110 pounds per capita required, is hereby awarded the right to inscribe "M" for Merit on the annual report for the year 1942. In testimony thereof, this certificate is presented.

WM. H. WILLS,
Governor.

VERMONT SALVAGE COMMITTEE

A. VAIL ALLEN,
Chairman.

J. O. BAXENDALE,
Executive Secretary.

To the People of Clarendon:

During the past year the people of the State of Vermont have purchased \$18,000,000 worth of War Savings Bonds. This represents an investment of approximately \$50 for every man, woman and child in the State.

Vermonters were able to buy \$18,000,000 worth of bonds last year mostly because 410 industrial and mercantile establishments throughout the state have provided a means whereby their employees can buy bonds on an installment basis. More than 38,000 men and women are included in the plan. Every week or every month these employers deduct from the employee's wages the amount that the employee has designated and the money is invested in War Savings Bonds.

Good though this record may appear it is not good enough. As Vermonters we did not meet the quota assigned to us, a quota based on known earned income. There are thousands of people throughout the State of Vermont *who have not yet bought a bond*, people who can and should buy them.

When you read this town report and realize that you manage your own town affairs because this is a free country just ask yourself, "Am I putting enough into this war effort to insure a continuance of freedom?" If you are not, then make plans to start buying stamps and bonds at once. Make a regular, definite commitment to buy systematically. Only in that way can you derive the full advantage of having such an investment offered you. Only in this way can our Government derive the benefit of your money NOW.

Our President says, "We fight to retain a great past . . . We fight to gain a greater future." Do your part by buying bonds.

FRED C. MARTIN,
State Administrator, War Savings Staff.

All schools in the eastern and central part of the town have increased in pupil enrollment while Chippenhook and the Springs Schools have decreased.

We expect that Defense work has caused a large part of this change in student population. All school buildings are in very good condition but some repairs will be necessary as usual in order that no great expense will be required in any one year.

We are fortunate indeed in retaining the services of so efficient teachers during the war period. The teacher supply in the state of Vermont, as well as other states, will be a very serious matter in the years ahead.

The work of the schools is maintained in a substantial manner and the number of students attending high schools is a demonstration of interest in advanced education.

HOT LUNCH PROGRAM

The hot lunch projects in the various schools have performed a very important service for several years.

There is no question but that the attendance and educational achievements are improved by taking advantage of the lunch, which is made possible on account of surplus commodities.

The citizens of Clarendon are fortunate in having school directors who are interested in the best kind of training for the young people.

The students have made good records in the high schools attended and the citizens of Clarendon may well be proud of this fact.

The cooperation of all concerned will accomplish and maintain an excellent educational standard.

Respectfully submitted,

FREDERICK W. WALLACE,
Superintendent of Schools.
